Boston Scientific has received CE Marking certification for the use of its TAXUS™ Liberté™ Coronary Stent System in patients with concomitant Diabetes Mellitus. TAXUS™ Liberté™ Stent System has now more approved indications than any other drug-eluting stent to date, allowing treatment of a wide range of patients including some high risk indications, such as acute myocardial infarction, total occlusions, in-stent restenosis and now concomitant Diabetes Mellitus.

TAXUS™ Liberté™ Stents are available in a wide range of sizes to treat the diversity of vessel sizes and lesion lengths seen in patients with coronary artery disease.

This specific CE Mark indication expansion is based on a wealth of data assessing the long-term safety and effectiveness of TAXUS™ Liberté™ Stent System in over 2400 diabetes patients drawn from TAXUS ATLAS, TAXUS IV, TAXUS V clinical trials and ARRIVE 1, ARRIVE 2, OLYMPIA real world registries.

*Patients with concomitant Diabetes Mellitus. Sources: TAXUS DFU and data on file. Not for use or distribution in the USA.

My honourable guests ...

On behalf of the CTO club directors and Kobry El Kobba military hospital, we would like to welcome you to the Second Annual Meeting of the Egyptian CTO club.

The objective of our meeting is to discuss the updated CTO interventions which will be achieved through a comprehensive and an interactive program.

In this meeting we will get a mutual benefit through:

- Invitation of 4 CTO intervention pioneers who will perform 4 live CTO cases presenting different CTO techniques.
- Different presentations from highly eminent speakers covering all aspects of CTO including different techniques, instruments, tools … etc.
- Open discussion for sharing experiences and exchanging knowledge.
- We didn’t miss the motivation with a valuable prize for the best CTO intervention case through a challenging competition.

Really your active participation will add value for our meeting. See you there!

Best Regards,

Dr. Khaled Shokry
Meeting Director

International Guests

AR Galassi MD, FACC, FESC, FSCAI
Chair of Cardiology, Department of Internal Medicine and Systemic Disease,
Head of Catheterization Laboratory & Cardiovascular Intervention Unit
Clinical Division of Cardiology, Ferrarotto Hospital,
University of Catania,
Catania, Italy

Etsuo Tsuchikane, MD, PhD
Director of Cardiology Department,
Toyohashi Heart Center,
Aichi, Japan

Mauro De Benedictis, MD
Head of Interventional Cardiology Unit,
Mauriziano Hospital,
Torino, Italy

Satoru Sumitsuji, MD, FACC
Associate Professor of Osaka University,
Director of Heart Center of Tokushukai Hospital,
Osaka Nagoya, Japan
Guest Faculty

Adel El Atriby (Ain Shams University)
Adel Imam (National Heart Institute)
Adel Zaki (Cairo University)
Ahmed Abdel Rahman (Ain Shams University)

التسجيل مجانًا بتقنية الحجز لعدد محدود
سيحصل كل المتسجلين على شهادة معتمدة من
مجلس الاعتماد وجوادة لجمعية القلب المصرية
على فتر سنوات حضوره.
08.00-09.00 | Registration & Opening Ceremony

08.00-08.07  General Dr. Mohamed Attia
08.10-08.17  General Dr. Sayed Abdel Haftiz
08.20-08.27  Professor Ali Ramzy
08.30-08.37  General Sameh Sadek

09.00-10.20 | Session 1  | Basics of CTO Intervention

Chairperson
Ali Ahmed El Abd
Khairy Abdel Dayem
Sayed Abdel Haftiz
Wagdy Galal

09.00-09.15  Is CTO treatment beneficial?
Dr. Alaa Hataba

09.15-09.35  Analysis of the standard techniques:
Angiographic views, GC selection & strategies.
Dr. Alfredo Galassi

09.35-09.50  CTO case selection for PCI.
Dr. Khaled Shokry

09.50-10.10  CTO GW design, selection & crossing techniques.
Dr. Mauro De Benedictis

10.10-10.20  Discussion
Chairperson
Ali Ahmed El Abd             Ayman Saleh
Khairy Abdel Dayem                      Khaled Sorour
Sayed Abdel Hafiz                          Sayed Badawy
Wagdy Galal

10.20-12.20 | Session 2  | Live Transmission from Kobry El Kobba

Chairperson
Adel El Attriby
Ayman Aboul Magd
Ashraf Reda
Mohamed Sobhy

Moderator
Ahmed Magdy
Nabil Farag
Mohamed Ashraf
Sameh Emil

Case 1: From Cath Lab A
Operator: Dr. Etsuo Tsuchikane
Assistant: Dr. Ayser Abdel Aziz, Dr. Ahmed Ezz
Commentator: Dr. Hossam Beshr

Case 2: From Cath Lab B
Operator: Dr. Satoru Sumitsuji
Assistant: Dr. Waleed Mostafa, Dr. Ahmed ELsakkary
Commentator: Dr. Basem Abdel Hameed

12.00-13.30 | Session 3  | For Better Outcomes in CTO Intervention

Chairperson
Adel Imam             Adel Zaki
Amr Hassan           Gamal Abou El Nasr
Hanna Michael        Hany Abdel Razek
Mohamed Awad Taher

12.20-12.35  IVUS guided wiring for CTO.
Dr. Khalid Tammam

12.35-12.50  DES performance in CTO angioplasty.
Dr. Sameh Shaheen

12.50-13.00  How to prevent contrast induced nephropathy during CTO intervention?
Dr. Reda Al Eisawy

13.00-13.20  MSCT images for CTO’s:
How to use CT images to estimate qualitative & quantitative data?
Value of MSCT to predict procedure of PCI for CTO.
Dr. Satoru Sumitsuji

13.20-13.30  Discussion

13.30-14.50 | Session 4  | Art of CTO

Chairperson
Ahmed Abdel Rahman             Galal Al Said
Hazem Khamis           Mahmoud Samy
Mohamed Wafaei Abo El Enein Sherif El Beltagy
Soliman Nader

13.30-13.50  Retrograde Approach:
Devices, wires, balloons, microcatheters.
Techniques for CTO crossing.
Complications (how to avoid & management).
Dr. Alfredo Galassi

13.50-14.05  Antegrade vs. Retrograde Approach: Indications, strategies & end point.
Dr. Etsuo Tsuchikane

14.05-14.20  CTO strategy updates.
Dr. Satoru Sumitsuji

Dr. Etsuo Tsuchikane

14.40-14.50  Discussion.

CTO Club Prize
First Group Competitors: Ahmed Boughdady
Amr El Hadeidy
Elsayed Farag
Mahmoud El Badry

Coffee Break will be served all through
Lunch Boxes will be served
17 January 2009

14.50-16.50 | Session 5 | Live Transmission from Kobry El Kobba

Chairperson
Ahmed Nassar
Ramez Guindy
Ihab Attia
Sherif El Tobgy

Moderator
Amin Fouad
Amr Zaki
Hany Ragy
Wael Al Naggar

Case 3: From Cath Lab A
Operator: Dr. Alfredo Galassi
Assistant: Dr. Ahmed Ezz, Dr. Mina Safwat
Commentator: Dr. Ahmed Sabry

Case 4: From Cath Lab B
Operator: Dr. Mauro De Benedictis
Assistant: Dr. Waleed EL Dewy, Dr. Mohamed Abdel latif
Commentator: Dr. Ahmed El Zayat

16.50-17.10 | Highlight Session
Dr. Tarek Zaki

17.10-17.30 | CTO Club Prize Results

Referees
Ahmad Nassar.
Etsuo Tsuchikane.
Maged El Abbady.
Mohamed Sobhy.
Reda El-Eisawy.

Alfredo Galassi.
Hossam Kandil.
Mauro De Benedictis.
Omar Awaad.
Satoru Sumitsuji.

CTO Club Prize
Second Group Competitors:
Ahmed Magdy
Ahmed Mowafy
